

When can my child return to school?

Hand washing is one of the most important ways of controlling the spread of infections, especially those that cause diarrhoea and vomiting and respiratory disease. Liquid soap, warm water and paper towels are recommended.

Supported by the Barnsley Health Protection Board. This information was correct at time of printing (August 2019).

This information is based on health protection guidance from Public Health England on managing cases of infectious diseases in schools and other childcare settings. More information can be found at
